## **HSEQ Manager – Earls Gate** **(Grangemouth)**

A vacancy has arisen at the new Plant in Grangemouth for a HSEQ Manager working 5 days per week, (38 hours) on a permanent basis. The successful candidate will spend the first few months of employment in the Head Office to prepare the pre-operational documentation before committing to the Earls Gate Plant.

The successful candidate will: ensure the Company's health, safety, environmental and quality systems and procedures are fully implemented and conformed to at the new site, perform all monitoring and testing in line with O&M contractual obligations and the SEPA Permit. The candidate will take a direct role in the construction plan phase and provide on-site support. The candidate will ensure conformance and promote the Business Integrated Management System, (IMS), inspect, and audit the effectiveness of the HSEQ Management systems, update/maintain records, ensuring overall compliance to COSSH and IMS, engage in training and support best practice.

The successful applicant must have extensive knowledge and recent experience in HSEQ disciplines and legislation, educated to degree level, or similar in a related field, hold a relevant professional qualification, i.e. NEBOSH General or NCRQ Certificate and diplomas, or NVQ (Level 4 - 5 minimum) or equivalent, supported with experience from the construction, energy, power or civil engineering sectors and hold a full clean UK driving license. A copy of the full job description is available on request from [hr@mesenvironmental.co.uk](mailto:hr@mesenvironmental.co.uk).

To be considered for this position, please submit via our website enclosing a cover letter and current CV.

Closing date for applications is **Monday 9<sup>th</sup> November 2020**.

**Best Regards**  
**HR Department – MES Environmental Limited.**
